STATEMENT OF OBJECTS AND REASONS

Act 25 of 2011.- The Ministry of Water Resources, Government of India, had circulated a model Bill for regulation and control of development and management of ground water in the year 1992 and subsequently in the year 1996. In the meanwhile, the Government of Karnataka has enacted the Karnataka Ground Water (Regulation for protection of sources of drinking water) Act, 1999 (Karnataka Act 44 of 2003) to give priority for drinking water and for protection of drinking water sources in the State.

Now, it is considered necessary to bring a general legislation to control indiscriminatory exploitation of ground water especially in the notified areas in the State.

The proposed Bill also provides for,-

- (i) the constitution of the Karnataka Ground Water Authority;
- (ii) restriction and regulation of extraction of ground water in the notified area;
- (iii) specification of the minimum distance between the bore wells dug for the purpose of irrigation;
- (iv) declaration by notification any areas as draught hit areas;
- (v) Certain other incidental provisions also.

Hence the Bill.
